PROFILE

I am a full stack developer with experience building websites and web applications. I possess a demonstrated history in various fields outside tech realm ranging from mental health counseling to management in the non-profit sector. Having occupied a multitude of roles within numerous organizations, I have exhibited that I am quick to learn, eager to strengthen the team, and driven to make visions reality.

I am passionate about the convergence of creativity and problem solving. I thrive where roadblocks require teams to deviate from the status quo.

JAKE MCCAMBLEY

WORK EXPERIENCE

Huts Field Coordinator

Appalachian Mountain Club Spring 2019 - Winter 2020

The Appalachian Mountain Club is a nonprofit conservation organization whose mission is to provide educational opportunities to the public through outdoor recreation. The Huts Department provides lodging, meals, and education to over four hundred nightly guests across eight backcountry facilities.

- Created and implemented a multitude of culinary, guest service, and conservation based trainings in order to provide staff teams the knowledge and skills that are required to maintain the operation of a large backcountry facility.
- Ensured consistent mission oriented outcomes by performing weekly feedback driven site visits to each facility while communicating with departments outside of my own.

House Advisor and Crew Leader

Spring Lake Ranch Winter 2019 - Spring 2020

Spring Lake Ranch is a therapeutic community in the Green Mountains of Vermont.

- Guided at risk adults in operating a ranch and building community in a therapeutic setting.

Senior Field Instructor

Evoke Therapy Programs Spring 2015 - Spring 2017

Evoke provides wilderness therapy services for at risk youth in the high desert of Southwest Utah

- For eight days at a time with an average of eight clients and three fellow staff members, I was responsible for the safety and therapeutic well being of students, the operational success of expedition plans, and the professional development of my fellow staff members.
